

SPRING CODE INSPECTION SCHEDULE

Each spring the Code Office inspects the common areas of fraternities (in the fall they also inspect each bedroom).

Someone should be there to let the code inspector in – and remember, there is a \$75 fee if they cannot gain access to the house.

Inspections last around 30 minutes and are generally much less intense than the fall inspections – **though I strongly urge that you make certain you are ready – by signing up for an FPA pre-code inspection the week before.**

Code Compliance Inspection: Our inspector walks through the chapter house **two weeks before your formal city inspection.** Alumni and chapter officers are encouraged to come along to see the items that need to be repaired.

An **e-report** outlining violations is sent – providing you a “punch list” for needed repairs. **You decide whether to handle these in house, use your own contractor, or work with FPA.**

Price: \$50

Please let us know if you would like me to schedule this on your behalf by emailing fpa@fpacoop.com
